

The EGMSA follows these rules for rainouts:

Games will be canceled by the Town of East Gwillimbury (by 5:00 p.m.) if the diamonds are unplayable due to puddles, slippery grass, etc., or by the EGMSA (ASAP).

EGMSA will send a rainout notification prior to game time. If a notification is not received prior to game time, it is up to the coaches, umpires, and players to arrive at the diamond and determine if it is playable. If inclement weather occurs after a game has started, it is up to the umpires to decide whether or not to continue play.

For traveling loop teams, the host town/city will inform the EGMSA if a game is cancelled ASAP. We understand that travel time is involved in getting to games, so we will try and contact players, coaches, and umpires as quickly as possible; however, sometimes it is not possible.

We thank you for your patience in the event of inclement weather.
